The wireframe illustrates the 'Create New Design' interface. On the left, a sidebar lists various administrative functions: Username Title, Dashboard, Reporting, Designs, Offers, Orders, Contacts, Messages, Invoices, Products, Accounts, Sites, PDF Autofill, Media Library, Languages, API, and Logs. At the bottom of the sidebar are navigation icons for back, forward, search, settings, and refresh.

The main content area is titled 'Create New Design' and shows a 'Front Design' placeholder with a large 'X' over it. A 'FPD Menu bar' is visible on the left side of the design area. Below the menu bar is a navigation bar with tabs: Model, Color, Base, Options (which is selected), Accessories, and Services. The 'Options' tab is highlighted with a blue background.

The central part of the screen displays ten option cards, each containing an 'Option Name' field with an information icon (i), a preview area with a large 'X', and a 'Price' field below it. The options are arranged in two rows of five. To the right of the options is a vertical sidebar with a red close button at the top. It contains a 'Configure Model, Options and Services' button, a '3D View' button, and sections for 'See Dimension View' (with a 'Download' button) and 'Notes' (with a large text input field).

At the bottom of the page, there are input fields for 'Design Name *', 'First Name *', 'Last Name *', 'Email *', and 'Phone'. To the right of these fields are 'Create' and 'Create Template' buttons. A 'Chat' button is located in the bottom right corner.
